

## SPRINT #3

### SPRINT REVIEW MEETING

**Purpose** – to present our project to the client and show/ demonstrate the work we have completed for this current sprint.

11/10/2021:

Overall, the client was very happy with what we have done so far. There were some suggestions and areas of improvements but other than that no major issues

Some recommendations:

- Make sure that the website can fit the page nicely despite the kind of screen resolution and screen size
- On the app make sure that the patient and doctor cannot update / edit the appointment form when viewing patient history
- On the app format the date and time of upcoming appointments in a way that is easier to read.
